# ChocolateTree

Sponsor a cocoa tree and harvest chocolate

A tree  
sponsorship and  
five bars of finest  
chocolate for  
40 euros

## Your tree partner: ForestFinance

Since 1995 ForestFinance has been making forests in a sustainably successful way. All our forests are managed ecologically and offer rare plants and animals a protected habitat. In addition to environmental protection, we also place great emphasis on fairness and transparency. We have reforested many thousands of hectares in the tropics and planted more than 10 million trees with over 20,000 customers. We have designated over 2,000 hectares of forest as protected areas – including valuable mangrove forests in Panama. Find out more about the forest projects at:

## Cocoa cultivation at ForestFinance

### 1. CULTIVATION & CARE

### 2. HARVEST & DRYING

3.

### PROCESSING & PRODUCTION

4.

### FINEST CHOCOLATE MADE FROM FINE COCOA

## Our ChocolateTree – guaranteed socially fair

Become the sponsor of a cocoa tree in Peru for 40 Euro or give away a sponsorship and prepare a sweet surprise for others. We at ForestFinance do not just care for the cocoa trees on a sustainably managed cocoa finca, we also send our ChocolateTree sponsors five bars of chocolate, a planting certificate and the guarantee that we will take care of their tree for at least 25 years. Each ChocolateTree contributes to creating fair jobs and protecting the forest and climate.

### This is included in your ChocolateTree:

- five bars of chocolate, handmade from ForestFinance premium cocoa
- a planting certificate with the GPS data of the finca where your cocoa tree grows
- the guarantee that your tree grows on a sustainably managed cocoa farm
- protecting the environment and guaranteeing fair jobs for many people in Peru
